

ZENITH GOLUSU

B.Tech – CSE (Artificial Intelligence & Machine Learning) | 4th Year | 2027 Batch

+91 8179482170 | G-mail: zenithgolusu@gmail.com | LinkedIn: [linkedin.com/in/zenith-golusu](https://www.linkedin.com/in/zenith-golusu) | Github: github.com/ZenithGolusu
Hyderabad, Telangana, India

CAREER OBJECTIVE

Fourth-year student specialized in AI & ML, with hands-on experience in machine learning, computer vision, and data analysis through academic projects and practical applications. Proficient in multiple programming languages, development tools, and modern AI/ML technologies. Successfully completed several innovative projects, and undertook structured DSA training through Smartinterviews, enhancing experience in algorithms and advanced coding techniques.

EDUCATION

CVR College of Engineering – B.Tech, CSE (AI & ML) CGPA: 8.7/10.0	2023 – 2027
Harvest Junior College – Intermediate (CBSE), Class XI & XII 84.6% (423/500)	2021 – 2023
Harvest Public School – Secondary School (CBSE), Class X 82.6% (413/500)	2020 – 2021

SKILLS

Languages: Python, Java, C, C++, SQL

Core Concepts: Data Structures & Algorithms, Object-Oriented Programming (OOP), Problem Solving, Machine Learning Pipeline Design, Model Development

Machine Learning: Scikit-Learn, XGBoost, LightGBM, Random Forest, K-Means, DBSCAN, PCA

Deep Learning: TensorFlow, Keras, ANN, CNN, RNN, LSTM, GRU, ARIMA, OpenCV, MediaPipe

Data Analysis: NumPy, Pandas, Matplotlib, Seaborn, Statistics, Probability, Linear Algebra

Web Development: React.js, Node.js, JavaScript, HTML, CSS, REST APIs, WebSockets

Databases & Cloud: MySQL, MongoDB, Google Firebase, PostgreSQL, AWS

Tools & DevOps: Git, GitHub, Docker, Jira

Soft Skills: Adaptability, Analytical Thinking, Problem Solving, Teamwork, Eagerness to Learn

PROJECTS

SIGN LANGUAGE DETECTION SYSTEM | CVR College – Real Time Field Project

- **Aim:** To build a real-time communication tool to assist the hearing-impaired community.
- **Technology Stack:** Python, OpenCV, MediaPipe, Scikit-Learn
- **Description:** Engineered a hand gesture recognition system by training a Scikit-Learn classification model on a custom dataset to handle varied lighting conditions.

ONLINE MULTIPLAYER CHESS PLATFORM | CVR college – Mini project

- **Aim:** To build a fully functional, real-time multiplayer chess application with integrated game logic and state management.
- **Technology:** React.js, Node.js, PostgreSQL, WebSockets, chess.js
- **Description:** Developed a responsive full-stack web application, utilizing WebSockets for low-latency real-time multiplayer gameplay and chess.js for robust move validation and accurate game state management.

CERTIFICATIONS

• Data Structure & Algorithms course – Smartinterviews	Feb 2026
• Future Skills Edge Program on Artificial Intelligence – Honeywell	Feb 2026
• AWS Academy Graduate: Cloud Foundations – Amazon AWS Academy	Jan 2026
• AI-ML Virtual Internship Certification – Google for Developers & AICTE EduSkills	Dec 2025
• MongoDB Certification – MongoDB University	Aug 2025
• Database Design – Oracle Academy	Dec 2024
• Database Programming with SQL – Oracle Academy	Dec 2024

ACHIEVEMENTS & ACTIVITIES

- Solved 200+ Data Structures and Algorithms problems on LeetCode, demonstrating a strong, consistent commitment to competitive programming and technical problem-solving
- Completed Data Structures & Algorithms Training Through SmartInterviews.
- Participated in Adobe India Hackathon 2025 (Round 1: Online Coding and MCQ Assignment) as part of Team BLZ Buzz.
- Participated in the SmartInternz GenAI Hackathon 2024, gaining practical, hands-on experience developing an interactive generative AI application
- Earned 7 industry certifications across AI/ML, cloud infrastructure, and database management (from Google, AWS, MongoDB, and Oracle).
